

JOBS FOR HYDROGEN

PRODUCTION

Power Plant Operator
Hydrogen Development Manager
Water Treatment Plant Operator
Hydrogen/fuel cell R&D Director
Hydrogen Fuel Cell System Technician
Hydrogen Power Plant, Installation, Operations, Engineering & Management
Fuel Cell Plant Manager
Hydrogen Plant Operations Manager
Control Room Technician
Operator/Control Engineer
Asset Manager

ENGINEERING & FABRICATION

Drafter
Process Safety Technician
Fuel Cell Technician
Mechanical Engineer (HVDC)
Electrical Engineer
Chemical Engineer
Process Engineer
Civil Engineer
Controls Engineer
Commissioning Engineer
Heavy Duty Fitter
Welder
Fitter & Turner
Fuel Cell Fabrication & Testing Technician
Fuel Cell Quality Control Manager
Fuel Cell Designer
Tool Pusher
Power Systems Transmission Engineer
Assembler/Fabricator
CNC Operator
Software Engineer

STORAGE

Metallurgist
Corrosion Technician
Materials Scientist

DISTRIBUTION & TRANSPORT

Pipeline Operator/Technician
Refuelling Technician/Operator
Light Vehicle Technician
Heavy Vehicle Technician
Automotive Electrician
Automotive Electric Vehicle Technician
Heavy Vehicle & Tube Trailer Driver
Corrosion Technician
Hydrogen Fuelling Station Designer & Project Engineer
Hydrogen Fuel Transporter - Trucker
Hydrogen Fuelling Station Operator
Hydrogen Pipeline Construction Worker
Fuel Cell Retrofit Installer
Hydrogen Vehicle Electrician
Fuel Cell Vehicle Development Engineer
Senior Automotive Fuel Cell Power Electronics Engineer
Pipeline Welder
Systems Operations Fitter/ High Pressure Technician

INSTALLATION

Instrumentation & Electrical Technician
High Voltage Electricians
Plumber
Maintenance Technicians
Gas Fitter
Electrical Fitter
Integration Specialists
Gas Inspector
Hazardous Materials Management Specialist
Control System Technician
Instrumentation Engineer
Service / Main Layer

EXPORT

Shore-to-ship-loadmaster
Mooring & Unloading Personnel
Shipping and Marine Logistics

gateway to industry schools
hydrogen
